

One Voice is both a strategy in the way we teach at Alive Church, teaching the same biblical principles at an age-appropriate level, and is also a separate entity that builds world class content furthering our core mission of “Leading people, who are far from God, to be followers of Jesus.”

This ministry began in 2019 as part of Alive Church, with the staff continuing to grow and build content for our church and to share with others. In 2020, with a shutdown in effect for meeting, our staff and leaders leaned into the idea of building this vision and using this time to build the church. In 2021, with reopening of our campus and the content becoming better each week, the resources needed to sustain the vision grew beyond what Alive could continue. With that recognition and in alignment with our Board of Overseers, the church created the new One Voice Ministries, LLC, which now operates the creation of all content.

Through this model, the staff at Alive Church continue doing what God has called them to do in ministry, while continue to grow our vision where “We see God transforming lives with **One Message** through **One Voice** for **One Purpose**.”
